

Sayed Salah

DATA SCIENCE AND ELECTRICAL ENTHUSIAST

sayed.salah@email.com | +20 100 123 4567 |  github.com/sayed-salah |  linkedin.com/in/sayed-salah | sayedsalah.com

Summary

An enthusiastic data science and electrical engineering professional with keen interests in Deep Learning, Control System Design, Python Programming, Electric Machinery, Web Development, and Analytics.

Education

Manipal Institute of Technology

B.Tech. Electrical & Electronics Engineering

January 2019, Manipal, India

Experience

Data Science Consultant

Remote

THEMATHCOMPANY

2023 - Present

- Currently engaged with a casino operator in Macau to segment customers based on their value to the company.
- Developed a data-driven segmentation strategy to outperform the existing system, providing concrete numerical evidence for improvement.
- Enabled the implementation of targeted marketing strategies to attract high-value patrons and enhance business growth.

Projects

Mirage 2000 Aircraft Technical Activity

July 2018

Hindustan Aeronautics Limited
Completed maintenance technical activity under the guidance of a Senior Engineer in the hangar of Mirage 2000 fighter aircraft.

- Gained practical exposure to aviation maintenance operations and the intricate systems of high-performance military aircraft.

Skills

Programming: Python, Java, Matlab, SQL (Basics)

Web Development: Django, Flask

Tools & Platforms: LabView, LTSPICE (Intermediate), MIPOWER (Intermediate), Git/GitHub, Jupyter

Notebook, XAMPP, MySQL, Anaconda, PyCharm, Eclipse

Operating Systems: Windows, Ubuntu, Debian-Kali Linux

Data Science: Data Analysis, Machine Learning, Excel

Engineering: Electrical Engineering, Mathematics
