

Mahmoud Nasser

Data Scientist

mahmoud.nasser@email.com | +20 100 123 4567 |  github.com/mahmoud-nasser |  linkedin.com/in/mahmoud-nasser | mahmoudnasser.com

Summary

Experienced Data Scientist skilled in Data and Quantitative Analysis, Decision Analytics, and Predictive Modeling. Proficient in Data-Driven Personalization, KPI Dashboards, Big Data Queries, Data Mining, and Visualization Tools. Expertise includes Machine Learning Algorithms, Business Intelligence (BI), and generating Research, Reports, and Forecasts.

Education

Aegis School of Data Science & Business

PGP in Data Science
Mumbai, Maharashtra, India

IES IPS Academy

B.E. in Electronics & Communication
Indore, Madhya Pradesh, India

Experience

Adjunct Faculty

Part-Time

Aegis School of Data Science & Business

2017 – Present, Mumbai, India

- Lead industry projects, providing data-driven solutions for clients using advanced techniques.
- Teach undergraduate and graduate-level courses in Spark and Machine Learning.

Data Scientist

Full-Time

IBM India Pvt Ltd

Feb 2018 – Dec 2020, Bangalore, India

- Leveraged IBM Bluemix and IBM Watson for various data science initiatives.
- Developed and implemented data-driven solutions utilizing cloud-based AI and analytics platforms.

Data Science Intern

Internship

Aegis School of Data & Business

Nov 2015 – Jan 2016, Mumbai, India

- Provided executive leadership with critical insights, analytics, and reports.
- Delivered recommendations to support strategic planning across all business units, distribution channels, and product lines.

Volunteer Experience

Product Developer

Mar 2019 – Dec 2019

Data Science for Social Goods Committee

Mumbai, India

- Developed a product called "Let's find a missing Child" to aid society in locating missing children.

Projects

Chat Bot using AWS LEX and TensorFlow

Python, AWS LEX, TensorFlow

- Developed a chatbot for an academic institution to automate course-related query handling.
- Designed to reduce manual effort and errors, enabling 24/7 client support for students and participants.

Web Scraping using Selenium WebDriver

Python, Selenium WebDriver

- Implemented a web scraping solution to extract data from an online messaging portal.
- Analyzed extracted text data to identify and uncover hidden patterns.

Data Visualization and Data Insights

Hadoop Eco System, Hive, PySpark, QlikSense

- Developed business intelligence solutions for an Internet Service Provider using Hadoop Eco System, Hive, and PySpark.
- Visualized daily generated data using QlikSense to identify usage patterns and generate comprehensive reports.

Image Based Fraud Detection

Microsoft Face API, PySpark, OpenCV

- Implemented an image-based fraud detection system utilizing Microsoft Face API, PySpark, and OpenCV.

- Developed a face recognition mechanism to compare applicant faces against a database, preventing fraudulent loan applications.

Churn Analysis for Internet Service Provider

R, Python, Machine Learning, Hadoop

- Conducted churn analysis for an Internet Service Provider to identify high-risk customers.
- Proposed targeted incentive offers for customer retention based on predictive modeling.

Sentiment Analysis

Python, NLP, Apache Spark (IBM Bluemix)

- Performed sentiment analysis on Twitter data for mobile network service providers using Python, NLP, and Apache Spark on IBM Bluemix.
- Analyzed tweet sentiments (positive, negative, neutral) and captured emotions to provide comparative insights.

Skills

Programming Languages: Python, R

Machine Learning & AI: Machine Learning Algorithms, Predictive Modeling, TensorFlow, NLP, Microsoft Face API, AWS LEX, IBM Watson

Data Analysis & BI: Data and Quantitative Analysis, Decision Analytics, Data-Driven Personalization, KPI Dashboards, Data Mining, Business Intelligence (BI), Data Analysis, Research, Reports and Forecasts

Big Data Technologies: Spark, PySpark, Hadoop Eco System, Hive, Apache Spark

Data Visualization: Tableau, QlikSense, Visualization

Tools & Platforms: IBM Bluemix, OpenCV, Selenium WebDriver

Extracurricular Activities

Head of Data Science Delivered

Jan 2018 – Dec 2020

Aegis School of Data Science

Mumbai, India

- Led "Data Science Delivered," a solution-providing organization within Aegis School of Data Science.
- Managed 4-5 live data science projects, applying advanced techniques to real-world problems.

Research Paper Reviewer

2017 – 2019

Data Science Congress by Aegis School of Business

Mumbai, India

- Reviewed and evaluated 20-40 research papers on Data Science for a major conference.

Mentor

2017 – Present

Aegis School of Data Science

Mumbai, India

- Mentored 7-12 data science enthusiasts annually, guiding them towards graduate studies in Data Science and Business Analytics.
