Education

G.H.Raisoni College of Engineering

B.E. Computer Science and Engineering

January 2015, Nagpur, Maharashtra, India

Experience

Web Designer

Full-time - On-Site

Trust Systems and Software

July 2015 - October 2017, Nagpur, Maharashtra, India

- Renovated the complete UI of **TrustBank-CBS**, a core banking solution, to be more modern, user-friendly, maintainable, and optimized for bank use.
- Shared UI structure and guidelines with a 50-member development team to ensure consistent implementation across the project.
- Designed and developed modern, responsive UIs for **Loan Bazar** (Loan Appraisal application) and **Capital Security Bond Application**, achieving project completion within stipulated timelines.
- Developed the UI of the Dashboard for **SoftGST**, an ASP.NET application for tax returns and reconciliation.
- Designed and developed the landing page for **Trust Analytica**, a mobile web app displaying bank assets, liabilities, income, and expenses, and supported developers in UI implementation.
- Communicated directly with clients, created design mocks, and developed/hosted complete websites for various projects including TSR Technology Services, Vidarbha Merchants Urban Co-Op Bank, GISSS, and Softtrust USA.
- Created all required graphics for projects using Photoshop.

Projects

Jallosh Band & An Endeavor Foundation Websites

2017 - 2018

- Communicated with clients to understand their requirements and translate them into effective web solutions.
- Created comprehensive mockups for website designs, ensuring alignment with client vision and modern web standards.
- Designed, developed, and hosted complete websites, including www.jalloshband.com, within stipulated timelines.

10MagicalFingers - Client Projects

2018

- Engaged in interaction with national and international clients to gather project specifications and feedback.
- Managed digital data effectively, ensuring project assets were organized and accessible.
