

Hanan Ali

Mechanical Engineering Student

hanan.ali@email.com | +20 102 555 1234 |  github.com/hanan-ali |  linkedin.com/in/hanan-ali

Summary

A highly motivated and dedicated final year Mechanical Engineering student, eager to apply foundational knowledge in CAD, CNC programming, and practical industrial training. Possessing a strong work ethic, quick learning ability, and positive attitude, seeking an entry-level position to contribute to a dynamic engineering environment.

Education

Rashtrasant Tukadoji Maharaj Nagpur University (RTMNU)

Bachelor of Engineering in Mechanical Engineering

2018 – 2022 (Expected), Nagpur, India

Experience

Industrial Trainee

Nagpur Agro Components

Training

December 2020 (10 Days), Nagpur, India

- Observed and studied various machines and CNC operations within the industry during a 10-day training program.

Industrial Trainee

Metal Fab High-tech Pvt. Ltd

Training

May 2021 (10 Days), Nagpur, India

- Participated in another 10-day training program focusing on manufacturing processes and advanced machinery operations.

Projects

Design and Fabrication of Pneumatic Punching Machine

2022

- Designed and fabricated a pneumatic punching machine as part of Bachelor of Engineering final year project.

Paddle Operated Sugarcane Juicer Machine

2018

- Developed a paddle operated sugarcane juicer machine during Diploma Engineering.

Certificates

MSCIT - 2019

CNC Programming (Fanuc Series) - Milling - 2020

Skills

Software/Tools: AutoCAD (6 months experience) - MSCIT - CNC Programming (Fanuc Series) - CAD - Automotive CNC

Technical: Automotive (6 months experience) - Machine Assembly & Disassembly - Part Functionality

Soft Skills: Strong Dedication - Quick Learner - Positive Thinking - Self-Confidence - Honest - Discipline - Hardworking

Languages

English: Fluent

Hindi: Fluent

Marathi: Fluent

Extracurricular Activities

Participant

2017 – 2018

JSW Urja Project Competition

- Actively participated in the JSW Urja Project Competition.

Workshop Attendee

2019

Machine Assembly Disassembly and Functioning of Parts

- Completed a 1-week workshop focused on practical aspects of machine assembly, disassembly, and understanding component functionality.
