

Mohamed Zaki

Mechanical Design Engineer

mohamed.zaki@email.com | +20 101 234 5678 |  github.com/mohamed-zaki |  linkedin.com/in/mohamed-zaki | mohamedzaki.com

Education

Savitribai Phule Pune University

BE Mechanical Engineering

June 2014 - June 2018, Pune, India

Experience

Mechanical Design Engineer

Full-time - On-site

Push Engineering Solutions

Jan 2020 - Present, Giza, Egypt

- Designed and manufactured various types of ice-making plants, encompassing end-to-end project execution.
- Performed comprehensive design of pressure vessels, condensers, and conveyors utilizing advanced 3D modeling software.
- Prepared Bills of Material (BOM) for diverse projects and effectively utilized ERP systems for streamlined operations.

Research Experience

Research Assistant, R&D Department of Mechanical Workshop

Full-time - On-site

Central Water and Power Research Station (CWPRS)

July 2018 - June 2019, Khadakwasla, Pune, India

- Contributed to diverse projects focusing on the generation of sea waves in laboratory settings for the design of port and harbor structures (e.g., Mumbai, Chennai, Goa, Japan, Bangladesh).
- Gained hands-on experience with wave generation using hydraulic, pneumatic, and regular wave generator systems within a mechanical workshop environment.
- Specialized in sea wave generation via hydraulic systems, including the design of servo actuators, axial piston pumps, and electric motors under expert supervision.

Skills

CAD Software: Catia V5 - Solidworks - ProE - Autocad

Office Tools: Microsoft Office

Engineering Concepts: Mechanical Design - Pressure Vessel Design - Conveyor Design - BOM Preparation - ERP Systems - Hydraulic System Design

Personal Attributes: Positive Attitude - Quick Learner - Team Leader

Extracurricular Activities

Treasurer & Event Organizer

Mechanical Engineering Student Association (MESA), Savitribai Phule Pune University

2016 - 2018

- Organized a national-level technical event, demonstrating strong leadership and coordination skills.
- Served as Coordinator and Treasurer for the Mechanical Student Association (MESA), managing financial resources and team activities.

Workshop Participant

3D Printing Workshop, Savitribai Phule Pune University

2017

- Attended a 3D printing workshop, gaining practical exposure to additive manufacturing technologies.

Training Participant

Work Readiness & Life Skills Training, NASSCOM Foundation and Global Talent Track

2017

- Completed Work Readiness training, enhancing professional preparedness for industry roles.
- Participated in Life Skills training, developing crucial soft skills for personal and professional growth.
