Education

Institute of Mechanical Engg	Mumbai, India
Diploma Mechanical Engg	May 1999 – September 2002
ITES	Mumbai, India
Diploma Mechanical Engg. Services	May 1998 – May 1999
Industrial Training Institute	Mumbai, India
Industrial Training Certificate	May 1993 – May 1995

Experience

Sr. Executive, Mechanical Engineering - Automation & Projects Consultant

Egy-Tech Solutions Cairo, Egypt

- **Application Engineering / Pre Sales & Inside Sales:** Provided applications support to sales channels, product selection and materials of construction technical recommendations. Participated in training and field service trips. Assisted Brand and Product Managers. Supported Projects Quotations team for technical aspects, including selection, sizing, and costing of Pneumatic Automation Products, valves, linear & rotary actuators, and field fabrication based on customer data sheets and engineering drawings. Traveled to support field sales and promote company products/services. Performed detailed reviews of customer specifications, providing comments, clarifications, and alternatives. Sized and selected valves, actuators, and prepared cost-effective techno-commercial quotations/solutions. Coordinated with technical departments to minimize technical and cost risk. Sent accurate and on-time quotations, including technical and commercial details. Participated in customer negotiation process. Followed up on quotations to close orders and for payment collection. Performed PO reviews, raised discrepancies to senior management and customers, and obtained PO amendments. Created order transfer files for submission to factory. Supported factory for post-order activities and after-sales service.
- **Proposal/Estimation Engineering & Products Costing:** Reviewed and received RFQs for company products and solutions. Estimated Pneumatic Automation Products & Projects, valves, linear & rotary actuators, field equipment, Piping, and Fabricated equipment. Plotted enquiries to vendors for critical bought-out items and continuously followed up for quotations. Applied thumb rule and standard design practices for accuracy and efficiency in estimation. Analyzed and evaluated estimated vs. actual costs from past jobs. Maintained databanks of all quotations. Coordinated with Instrumentation & Electrical departments for costing. Handled estimation department for timely offer submission. Conducted site visits for projects, coordinated with Purchase and Process departments, and attended Customer Enquiries meetings. Developed vendors. Prepared statement of pending/in-progress enquiries. Understood client's concerns/requirements and offered suitable, optimized, technically feasible, and commercially viable Chemtronics solutions. Assigned work to Jr. Proposal executives/Engineers. Guided and coordinated with design, CAD, sales, marketing, project, and commercial departments.
- **Engg. Procurement & Purchase, Vendor Development & Supply Chain:** Procured Steel/Raw Material & semi-finish Products based on project requirements. Continuously improved negotiation process and identified cost-saving opportunities. Enhanced turn-around time and developed new vendors. Managed contracts and tenders. Achieved target savings against budget and last purchase rates. Researched and evaluated potential vendors/suppliers, requested quotes, performed technical comparisons, and maintained good relationships. Examined and reviewed products for quality. Digitized procurement processes. Tracked incoming & future purchasing plans, project inventory, delivery arrival times. Organized and updated database of suppliers, delivery times, invoices, and supply quantities. Collaborated with financial team members on contracts, invoicing. Sourced suppliers from product finders and internet. Created RFQs for project materials, equipment, and services. Reviewed Vendor evaluations and registrations based on supply time & product quality.

Engineering Lead / Project & Proposal Manager

Rotex Engineers & Manufacturing Pvt. Ltd Nov 2015 – June 2016, Dombivali, India

- Managed & enhanced activities related to proposals for pneumatics/fabrication projects & products.

- Led project execution, vendor development, supply chain management, interacting & negotiating with vendors for timely order action.
- Contributed to production design, new manufacturing process, and new product development; developed customized manufacturing solutions for Steel, Power & Cement petrochemical sectors.
- Prepared technical data sheets as per tender specifications. Calculated price structures and analyzed cost proposals.
- Monitored job progress against schedules. Maintained fruitful relationships with existing customers.
- Reviewed vendor evaluations & registrations concerning supply time & product quality. Examined and reviewed products and supplies to ensure quality.

Proposal & Estimation Engineer

M/s Duncan Engineering Ltd

Pune, India

- Oversaw project execution, vendor development, supply chain management, engaging with vendors to ensure timely action of orders & negotiation.
- Worked directly with customers to understand processes and develop optimal solutions. Led proposal engineering team & provided technical support.
- Collaborated with sales team for company representation, data gathering, and project definition.
- Worked with engineers and designers to develop and quote cost-effective solutions.
- Managed cost estimation, preparing proposals & quotations based on technical specifications, identified production processes, machine/bought-out item requirements, and coordinated with customers for precise requirements.
- Identified critical problems and developed solutions within specified time frames.
- Involved in production design, new manufacturing processes, and new product development; developed customized manufacturing solutions (Steel, Power & Cement, petrochemical sector).
- Executed cost-saving techniques/measures and modifications to achieve substantial reductions in O&M expenditures, ensuring budget adherence. Maintained fruitful relationships with existing customers.

Design & Proposal Engineer

M/s Schrader Duncan Ltd

Pune, India

- Managed project execution, vendor development, supply chain, and negotiations with vendors.
- Designed or modified Mechanical, hydraulic/pneumatic assemblies, and fabricated assemblies with layouts/schematics and detailed drawings.
- Generated electrical/mechanical product specifications, standard operating procedures, maintenance manuals, and performed basic mechanical design.
- Participated in growth & innovative solution development with design, development, sales, & marketing teams.
- Defined, coordinated, performed, and generated engineering test reports & analyses.
- Coordinated with the production manager to ensure manufacturing processes adherence to flow in relevant departments.
- Maintained records of Non-Conformity (NC) raised during internal audits and implemented corrective actions.
- Maintained records of obsolete documents and communicated with HODs. Maintained ISO documents (ISO9001-2015) and promoted awareness among employees.
- Coordinated & communicated with channel partners, O.E.M.s, dealers, consultants & end customers for design & technically feasible offers.
- Conducted internal audits as per plan/schedule and maintained controlled drawing records.

Fabrication Engineer (Hoists & Lifts)

JOIST- O- MECH Engg. Pvt. Ltd

Thane, India

- Performed detailing of drawings, preparations of BOM, and raw material inspection.
- Engaged in prototype manufacturing (3D modeling).

Fabrication Quality Inspector

MUKAND LTD

Kurla, India

- Conducted raw material inspection, prepared gauges for inspection, marked housings for machining, and checked surface finishing.

Skills

Software: Microsoft Office (Word, Excel) - AutoCAD - Microstation J - ERP - 3D Modeling Software

Engineering & Technical: Application Engineering - Pre-Sales - Inside Sales - Product Selection - Material Recommendations - Project Quotation - Technical Support - Valve & Actuator Sizing - Techno-Commercial Quotations - PO Review - After-Sales Service - Estimation - Product Costing - RFQ Analysis - Vendor Plotting - Design - Process Optimization - Procurement - Purchase - Vendor Development - Supply Chain Management - Negotiation - Contract Management - Tenders - Quality Control - ISO 9001-2015
