

Eslam Ahmed

Mechanical Design Engineer

eslam.ahmed@email.com | +20 101 234 5678 |  github.com/eslam-ahmed |  linkedin.com/in/eslam-ahmed | eslamahmed.com

Education

Savitribai Phule Pune University

BE Mechanical Engineering

June 2014 - June 2018

Pune, Maharashtra, India

Experience

Mechanical Design Engineer

Full-time

Egy-Tech Solutions

June 2023 - Present

- Designed and manufactured various ice-making plant components, including pressure vessels, condensers, and conveyors, utilizing 3D modeling software.
- Prepared Bill of Materials (BOM) for manufacturing processes.
- Utilized ERP systems for operational management.

Research Experience

Research Assistant, R&D Department

Full-time

Central Water and Power Research Station (Govt. of India)

June 2022 - May 2023

- Gained experience in diverse projects on sea wave generation in the laboratory, useful for designing port and harbor structures in Mumbai, Chennai, Goa, Japan, and Bangladesh.
- Worked with wave generation systems using hydraulic, pneumatic, and regular wave generators within the mechanical workshop.
- Experienced sea wave generation by hydraulic systems.
- Involved in the design of hydraulic systems, including servo actuators, axial piston pumps, and electric motors, under the supervision and guidance by 'Scientist 'B' at CWPRS.

Skills

Software: Autocad - Catia V5 - Solidworks - MS Office - ProE

Technical: Mechanical Design - 3D Modeling - BOM Preparation - ERP Systems - Hydraulic System Design - Pressure Vessel Design - Condenser Design - Conveyor Design

Personal Attributes: Positive Attitude - Quick Learner - Team Leader

Extracurricular Activities

Coordinator & Treasurer

During University

Mechanical Student Association (MESA)

- Organized a National Level Technical event.

Participant

During University

Training & Workshops

- Attended a 3D printing workshop in college.
- Participated in Work Readiness Training conducted by NASSCOM Foundation and Global Talent Track.
- Participated in Life Skills Training conducted by NASSCOM Foundation and Global Talent Track.
