Education

Savitribai Phule Pune University

BE Mechanical Engineering

June 2014 - June 2018, Pune, Maharashtra, India

Experience

Mechanical Design Engineer

Push Engineering Pvt Ltd

Full-time - On-site

June 2019 - Present, Giza, Egypt

- Responsible for the design and manufacturing of various ice-making plants.
- Executed design of pressure vessels, condensers, and conveyors using 3D modeling software.
- Managed Bill of Material (BOM) preparation for various components.
- Utilized ERP systems for efficient process management.

Research Experience

Research Assistant (R&D Department)

Research - On-site

Central Water and Power Research Station (CWPRS) (Govt. of India) June 2018 - June 2019, Khadakwasla, Pune, India

- Contributed to various projects on sea wave generation in a laboratory setting for the design of port and harbor structures in Mumbai, Chennai, Goa, Japan, and Bangladesh.
- Gained expertise in wave generation through hydraulic, pneumatic, and regular wave generator systems within the mechanical workshop.
- Developed proficiency in sea wave generation using hydraulic systems, including the design of servo actuators, axial piston pumps, and electric motors, under the supervision of 'Scientist 'B' at CWPRS.

Certificates

3D Printing Workshop - During University

Work Readiness Training - NASSCOM Foundation & Global Talent Track

Life Skills Training - NASSCOM Foundation & Global Talent Track

Skills

Software: AutoCAD - Catia V5 - Solidworks - ProE - MS Office - ERP Systems

Mechanical Design: 3D Modeling - Pressure Vessel Design - Condenser Design - Conveyor Design - BOM Preparation

Soft Skills: Positive Attitude - Quick Learner - Team Leader

Extracurricular Activities

Coordinator & Treasurer

2016 - 2018

Mechanical Student Association (MESA), Savitribai Phule Pune University

Pune, India

- Organized a National-level Technical event for the Mechanical Student Association (MESA).
- Served as Coordinator and Treasurer, managing association funds and activities.
