

Amal Sayed

Design Engineer (Mechanical)

amal.sayed@email.com | +20 101 234 5678 |  github.com/amal-sayed |  linkedin.com/in/amal-sayed | amalsayed.com

Summary

A hard-working and self-confident Mechanical Design Engineer adept at adapting to diverse work environments. Possessing 1 year of experience in mechanical design and a strong foundation in CAD software.

Education

B.E Mechanical Engineering

ALAMURI RATNAMALA INSTITUTE OF ENGINEERING & TECHNOLOGY January 2016, Visakhapatnam, India

H.S.C.

Mumbai University January 2010, Mumbai, Maharashtra, India

S.S.C.

PRAKASH Jr. COLLEGE OF SCIENCE & COMMERCE / S.M.T. RAJDEVI HINDI HIGH SCHOOL January 2008, Maharashtra, India

Experience

Design Engineer (Mechanical)

On-Site

SANARCO ENGINEERING PVT LTD, Cairo, Egypt

June 2023 - May 2024

- Functioned as a Mechanical Design Engineer for one year, contributing to various company projects.

Design Engineer

On-Site

SURYA FITNESS, Giza, Egypt

June 2024 - Present

- Currently engaged in design engineering tasks, applying expertise in relevant software applications.

Projects

Automatic Wall Plastering Machine

- Developed a unique automated plastering machine, ideally suitable for the construction and building industry.
- Designed the machine to simplify rendering, making it faster and more effortless compared to manual application.
- Ensured compatibility with conventional cement mortar to achieve a smooth, flat finish.
- Identified and elaborated on the significant future scope for this innovative automated plastering solution.

Skills

Design Software: Autocad - SolidWorks - CATIA
