Full-time

Cohesive Technologies

Feb 2017 - Present

- Manage the company's business operations in the Cairo area, collaborating closely with the Branch Manager.
- Follow up on leads provided by the corporate office, meeting clients personally to present the best solutions and products suitable for their business needs.
- Independently generate new leads through cold calling and proactive client outreach.
- Operate with an entrepreneurial approach, effectively managing a small business unit to drive sales and growth.
