Education

Universal University Nashik

Masters in structure (Civil Engineering)

January 2017, Nashik, Maharashtra, India

Experience

Civil Engineer

Full-time - On-Site

Apex Engineering Solutions

2015 - 2016

- Managed construction, renovation, and interior designing projects for buildings, malls, commercial complexes, and villas.
- Undertook technical and feasibility studies, including site investigations and complex calculations.
- Utilized various computer software for developing detailed designs.
- Liaised with clients, architects, and subcontractors; compiled job specifications and supervised tendering procedures.
- Resolved design and development problems while managing budgets and project resources.
- Scheduled material and equipment purchases and deliveries, ensuring compliance with legal requirements, especially health and safety.
- Assessed the sustainability and environmental impact of projects, ensuring smooth execution and on-time, within-budget completion.

Civil Site Engineer

Full-time - On-Site

Grandeurs Realtors India

Dates Not Provided

- Evaluated overall cost of materials, labors, subcontractors, and tools.
- Regulated subcontractor work schedules and equipment delivery.
- Provided required documents for owners and subcontractors.
- Checked project progress and development on a regular basis.
- Acted as the main technical adviser on construction sites for subcontractors, craftspeople, and operatives.
- Ensured that all materials used and work performed were in accordance with specifications.
- Liaised with consultants, subcontractors, supervisors, planners, quantity surveyors, and the general workforce involved in projects.

Civil Engineer

Full-time - On-Site

Color Sky Decor LLC

Dates Not Provided

- Contributed to various civil engineering projects as a Civil Engineer in Dubai, UAE.

Civil Engineer

Full-time - On-Site

Girija Construction And Developers

Dates Not Provided

- Executed civil engineering tasks and coordinated project activities for a construction firm.

Civil Engineer

Full-time - On-Site

Sonia Buildcon

Dates Not Provided

- Participated in civil construction projects and site operations for building development.

Industrial Trainee

Training - On-Site

Larsen & Tubro (L & T)

Dates Not Provided

- Completed a 3-month industrial training program, gaining practical exposure to large-scale construction operations.

Inplant Trainee

Training - On-Site

Ashoka Buildcon

Dates Not Provided

- Received in-plant training focused on infrastructure setup and maintenance processes.

Projects

Various Construction & Interior Outfit Projects

Dates Not Provided

- Led exterior and interior design projects for buildings, villas, showrooms, and hotels.
- Managed the construction of new buildings and villas from conceptualization to completion.
- Prepared detailed Bill of Quantities (BOQ) and developed comprehensive project schedules.
- Conducted maintenance and interior outfit works for diverse properties including apartments, showrooms, villas, and hotels.
- Analyzed photographs, drawings, and maps to inform project direction and budget constraints.
- Ensured project feasibility through continual evaluation of structural integrity and design practicality.
- Created detailed schedules for project completion, aligning with client expectations and deadlines.
- Performed and adjusted quantity calculations for practical and budgetary purposes throughout project lifecycle.
- Communicated effectively with team members, customers, and vendors to ensure maximum cohesion and fluidity on projects.
- Forecasted design and construction time frames, contributing to accurate project planning.
- Inspected project sites to ensure compliance with relevant codes and proper progression of work.

Skills

Software: AutoCAD - Pro/ENGINEER - CATIA - MS Office (Word, Excel) - Adobe Photoshop

Engineering & Construction: Construction Management - Site Supervision - Quantity Surveying - Bill of Quantities (BOQ) - Project Scheduling - Structural Design Review - Site Inspection - Feasibility Studies - Budget & Resource Management - Health & Safety Compliance - Renovation - Interior Designing - Infrastructure Maintenance
