Education

Anna University

B.E in Civil Engineering

2010, Chennai, India

Experience

QA/QC Civil Engineer

On-Site

Gulf Asia Contracting Co LLC

March 2016 - Present

- Organized, implemented, conducted, and managed QA/QC Programs in adherence to company quality policies.
- Coordinated document controls for technical submittals and drawings, ensuring QA/QC validation, issue, amendments, and recall of controlled documents.
- Coordinated all inspections, monitored required tests, and recorded inspections and tests as per Contract Plan and Specifications.
- Liaised with Client's representatives for day-to-day quality-related project activities.
- Coordinated with Project Manager regarding work performance, with authority to stop work for uncorrected discrepancies and to cancel stop work orders upon satisfactory correction.
- Provided technical support to Project Manager and guidance to site staff for submission of materials for approval, inspection requests, shop drawings, As-built drawings, and O & M manuals.
- Assisted QA/QC Manager in conducting internal quality audits and ensured Non-Conformance Reports (NCR) were raised for deviations from specifications or industry practices.
- Coordinated with project staff to compile and maintain pertinent records of inspection and testing until project completion.
- Attended Monthly Project Review Meetings (PRM) and alerted the project team to potential problems.

QA/QC Civil Engineer

On-Site

Ray Engineering Limited

2014 - March 2016

- Carried out all site inspections via official Inspection and Test Requests (ITR) submitted by the Contractor.
- Developed method statements including risk assessment, job safety environmental analysis, Inspection Test Plan, and Checklists based on project specifications.
- Managed all QA/QC documents for the project, including certificates, calibration records, test results, inspection requests, non-compliance reports, and site instructions.
- Supervised, checked, and ensured construction adhered to final issued drawings and project specifications.
- Conducted joint inspections with consultants and clients.
- Monitored and controlled the status of punch lists and exception lists relevant to quality dossiers.

QA/QC Civil Engineer

On-Site

Ray Engineering Limited

2012 - 2014

- Managed QA/QC documents including certificates, calibration, test results, inspection requests, non-compliance reports, and site instructions; responsible for closure of Non-conformance and Site Instruction.
- Maintained safety standards and complied with Company's Health, Safety and Environment requirements.
- Performed daily inspections and tests to achieve the required quality of construction as per drawings and specifications for all on or off-site works.
- Carried out inspections and checks for all quality-related procedures, ensuring site activities conformed to approved method statements and inspection test plans.
- Coordinated with consultant's representatives and Site In-charge for inspections and meetings regarding quality problems, including closure of Non-Compliance Reports.

Site Engineer

On-Site

High View Builders

2010 - 2012

- Ensured understanding and application of all responsibilities regarding company's environment, Health, Safety, Security, and quality standards.
- Ensured availability of required materials and PPE's for smooth and safe job execution.
- Proactively supported the project engineer throughout the project duration.
- Maintained accurately detailed daily site reports for site conditions, progress, and resources across project phases.
- Coordinated with sub-contractors and suppliers at site.
- Coordinated with employees for timely completion of work at site.
- Deployed workers as per schedule and maintained labor cards.
- Conducted weekly meetings with the project engineer to discuss work progress.

Projects

Geepas Tower Construction, Dubai, UAE

March 2016 - Present

- Contributed to the construction of Geepas Tower (2B + G+ 19 + Roof Building), a Dh600-million (\$163 million) mid-rise residential tower.
- Part of the project team that achieved a Guinness World Record for the largest continuous concrete pour (19,793 cu m for 42 hours).

GSK Medicine Manufacturing Plant, Nashik, India

2014 - March 2016

- Involved in a USD 150 million building project for Glaxo Smith Kline (GSK), focusing on a Medicine Manufacturing plant.
- Project scope included an Effluent Treatment Plant (ETP), Effluent Drain line, and storm water line construction.

Petronet LNG Terminal Expansion, Dahej, India

2012 - 2014

- Contributed to a USD 400 million Petronet LNG project for the Indian Government, expanding the Dahej importer terminal capacity to 17.5 million tons.
- Project encompassed construction of an Air heater, Pipe rack, Substation, Pump House, and Control room.

Residential & Commercial Building Development, Kerala, India

2010 - 2012

- Participated in the construction of villas and a G + 8 Floor apartment building, contributing to new lifestyle developments.
- Ensured project quality, on-time delivery, and adherence to construction standards for High View Builders.
