Summary

Financial Accountant specializing in financial planning, reporting and analysis within the Department of Defense. Results-oriented accounting operations professional with experience in analysis of financial systems and ERP (Enterprise Resource Planning) software. Excellent facilitator.

Education

Northern Maine Community College

Associate : Accounting

GPA: 3.41

1994, Maine, USA

Experience

Accountant

Vodafone Egypt

Full-time

July 2011 - November 2012

- Responsible for identifying and resolving issues affecting the DEAMS General Ledger.
- Worked with teammates from the Procure to Pay, Orders to Cash, and Budget to Report areas to resolve daily challenges encountered with the deployment of DEAMS to additional customers and when system change requests were promoted to production.
- Supported the testing of scripts, patches, and system change requests ensuring any anomalies were identified to the DEAMS Functional Management Office for action by the DEAMS Program Management Office and/or the System Integrator.
- Served on a tiger team designed to identify and resolve General Ledger posting differences and supported the development of \$360B in accounting adjustments allowing for the first successful fiscal year-end close in 2012.
- Actions allowed for the reconciliation and closure of fiscal year 2010 and 2011 accounting adjustments ensuring that all DEAMS fiscal year-end requirements were completed.

Resource Advisor

CIB Bank

Full-time

April 2010 - June 2011

- Responsible for providing financial advice and decision support to the Commander.
- Responsible for coordinating a \$4.6M budget between four funding sources.
- Coordinated with USAFE Directorate of Intelligence (USAFE/A2), USAFE Directorate of Air and Space Operations (USAFE/A3), USAFE Directorate of Communications (USAFE/A6) and the 435th Air Ground Operations Wing to ensure 1ACOS meets its mission requirements.
- Consistently managed three separate timelines for providing budget/unfunded requirements, providing documentation and various reports in the required format for each organization.
- Monitored the Defense Travel System (DTS) daily and identify orders and authorizations needing approval and provided notification to the appropriate Reviewing Officials and Approvers.
- Assumed the role of the Billing Official during my final rating period and completed a self inspection of the program for the Management Control Program, zero findings.
- During yearly audit by 700th CONS received zero findings.

Staff Accountant

Orange Egypt

Full-time

July 2008 - April 2010

- Responsible for providing accounting and financial oversight and advice to customers throughout the Command in support of the USAFE Comptroller.
- Responsible for performing ongoing analysis of financial programs to identify negative trends and weaknesses, ensured specific weaknesses were corrected, and determined whether systemic or repeat issues were identified and adequately addressed.
- In collaboration with DFAS Europe, developed an automated tool that identifies duplicate obligations by comparing records in the accounting system to the contracting system and provided notification to the funds manager for review and resolution. This tool allowed HQ USAFE to deobligate over \$5M in duplicate obligations.

- Supported the USAFE/FMA Financial metrics program by collaborating with DFAS Limestone in the development of an automated tool that provided senior leaders with visibility to any USAFE unit that is not in compliance with the established rules and regulations related to the GPC.
- Identified and resolved a problem with five GPC accounts that had been rejecting during the automated interface process each month.
- Identified a method to deliver one-on-one training in support of the USAFE deployment of the Open Document Analysis (ODA) tool in FMSuite.

Chief, Reports Branch. Accounts Maintenance and Control

Full-time

Egy-Tech Solutions

January 2007 - July 2009

- Responsible for ensuring the development and standardization of various managerial and system reports.
- Responsible for the completeness and accuracy of weekly, monthly, quarterly, semi-annual, and annual reports.
- My branch monitored errors in the General Accounting and Finance System (GAFS/BQ) and ensured corrective actions were accomplished.
- Limestone POC for an initiative to eliminate suspense accounts throughout the agency.
- Worked with staff to reduce reconciliations from \$6.9 million in February 2007 to \$1.1 million in August, accomplished this despite loss in experienced personnel and realigning resources to support critical initiatives in Accounts Payable.
- Contributor to Federal Managers Financial Integrity Act (FMFIA) Compliance Review and establishment of assessable units.

Chief, Accounts Payable Branch

Full-time

Egy-Tech Solutions

February 2000 - January 2007

- Responsible for the overall management of a branch consisting of over 120 employees.
- Instrumental in forming a strategy that included soliciting Air Force personnel assistance in document processing, identification of "must pay now" bills, and the formation of special action response teams dedicated to responding to our customer's most urgent requirements.
- Instrumental in establishing Employee Performance Plans that linked employee performance to established DFAS Strategies and Balance Scorecard goals.
- Produced ad-hoc data queries for in-house and external use by our customers.
- Prepared budget over execution justifications, plan and monitor overtime costs, and control supply purchases to ensure the most cost efficient operation possible.
- Participated in video teleconferences, conference calls, and briefings designed to address customer and DFAS management requirements.

Chief, Recon and Reports Branch

Full-time

Egy-Tech Solutions

February 1999 - February 2000

- Exercised supervision (either directly or indirectly) over 22 employees primarily in the "525" series in grades ranging from GS-5 through GS-8.
- Responsible for planning, directing, and supervising the activities of the work force in the review, interpretation, processing, and reconciliation of vendor pay and accounting data and the production of timely and accurate financial statement report requirements.
- Managed and realigned resources, conducted program analyses, and made decisions in accordance with unit cost principles, outputs, targets, and changing budgetary constraints.
- Ensured efficient utilization and professional development of my staff.
- Ensured personnel management within organizational entity under my supervision was accomplished without regard to race, color, religion, sex, age, national origin, or handicap.

Chief, Accounts Payable Branch

Full-time

Egy-Tech Solutions

June 1995 - February 1999

- Responsible for establishing priorities, schedules, and work assignments ensuring changes in workload are accounted for to minimize the impact on normal office operations.
- Responsible for providing personnel feedback sessions quarterly and prepared supervisory appraisals of employees' performance and potential for advancement.
- Responsible for the budget resources necessary to operate the branch.

- I was hand selected by the Field Site Director and Vendor Pay Site Manager to represent DFAS Limestone on a team comprised of representatives from all DFAS Denver field sites to provide training to our Air Force base level Resource Advisors.
- During a five week period, I provided "Boot Camp" training to over 400 base level personnel ensuring resource advisors were familiar with the DFAS structure and mission requirements related to funds management.

Accountant, Network Assistant Team

Full-time

Egy-Tech Solutions

June 1994 - June 1995

- Required to have an extensive working knowledge of DoD accounting systems, theory, policy, and procedures.
- Consistently called upon to develop and implement procedures consistent with DoD regulations.
- Coordinated with DFAS Denver and the Omaha Field Site on the consolidation of the first geographically separated Defense Accounting Office into DFAS.
- Provided recommendations to preclude recurring problems and to prepare the organization for consolidation.

Supervisor, Accounts Control Branch

Full-time

Egy-Tech Solutions

June 1993 - June 1994

- Directed/supervised the accomplishment of all financial reports and statements.
- Furnished accounting data to base organizations often interpreting and analyzing the data to help funds managers resolve problems and manage their programs more effectively.
- Attended Major Command (MAJCOM) and Headquarters level workshops to participate and contribute to accounting policy and system changes.
- Analyzed/developed and recommended improved training procedures enabling better use of system procedures ensuring governing directives were followed.
- Examined accounting transactions and documents to ensure they conformed to established accounting policy and principles.
