Education

Civil Engineer Diploma

Excellence Polytechnic College

CGPA: N/A

2011 – 2014, Rajasthan, India

S.S.C. (Secondary School Certificate)

Rajasthan Board

2011, Rajasthan, India

Experience

Civil Engineer

NOVA ENGINEERING WORKS

On-Site

May 2018 – Present

- Managed and executed construction activities including Excavation, Foundation, PCC, Waterproofing, RCC, Shuttering, steel fixing, concrete casting, masonry for brick works, plastering, and tile fixing.
- Collaborated with Design Engineers (Architecture and Structural) to incorporate updated drawings and minor changes as per site requirements, ensuring thorough inspection before casting critical elements like Columns and Slabs.
- Oversaw construction progress, prepared material requisitions, and facilitated procurement of necessary construction materials.
- Executed civil, interior, and exterior ground finish works, providing comprehensive site supervision.
- Responsible for scheduling work, preparing and verifying Sub-Contractors' and Suppliers' bills, accurately calculating quantities, and verifying them with the Client's Engineer.

Senior Engineer

OM CONSTRUCTION

On-Site

January 2017 – April 2018

- Managed "9 RADHA" project, ensuring timely and quality completion of civil engineering works.
- Provided senior-level engineering oversight for construction activities.

Site Engineer

ALIA CONSTRUCTION

On-Site

June 2014 – May 2015

- Served as Site Engineer for the "YASHWANT ORICHIDS" project.
- Oversaw day-to-day site operations and managed a team of workers to achieve project milestones.

Projects

9 RADHA

OM CONSTRUCTION

January 2017 – April 2018

- Led construction activities and engineering oversight as Senior Engineer for a significant project in Mumbai, India.

YASHWANT ORICHIDS

ALIA CONSTRUCTION

June 2014 – May 2015

- Managed site operations and supervised civil works as Site Engineer for a construction project in Mumbai, India.

Skills

Software & Tools: AutoCAD – MS Office Applications

Operating Systems: Windows 9x/2000/XP/Vista

Civil Engineering: Site Supervision – Excavation – Foundation – PCC – Waterproofing – RCC – Shuttering – Steel Fixing – Concrete Casting – Masonry – Plastering – Tile Fixing – Material Procurement – Quantity Surveying – Billing Verification – Construction Scheduling – Project Execution

Soft Skills: Excellent Communication – Hardworking – Sincerity – Honesty – Individual & Team Working Capability – Knowledge of 5M (Minutes, Manpower, Material, Machine, Management) – Program Strategy Development
