Summary

A Computer Science junior at Lynchburg College with the understanding and problem solving to work my way through any situation. Using the life skills I learned while I attained my Eagle Scout rank, the highest in boy scouts and only given to a very small percentage of scouts.

Education

Lynchburg College

2017

Computer Science/ Minor Sports Management Micro and Macro Economics

Oakton High School

2013

Diploma

Relevant Courses: Data Structures & Analysis in C++ and Python - Mathematical Theory in Computer Science

Experience

Engineering Intern

Intern

Vodafone Egypt

June 2015 - August 2015

- Designed and worked with building information modeling (BIM) in AutoCAD MEP throughout the entire work-cycle under extreme time crunches.
- Creating functional ethernet, pneumatic, and electronic controls for a confidential client.
- Assisted with installation of a pneumatic controls system for a large and confidential development outside of Charlottesville, VA.
- Worked in the field at Indian Head Military Base, MD collecting outfall locations for later analysis and reduction.

Engineering Intern

Intern

CIB Bank

June 2014 - August 2014

- Created and edited AutoCAD drawings for the US State Department, Arlington National Cemetery, and Jefferson Island, MD.
- Using Autodesk Inventor, recreated the company's patented Reverse Osmosis Multi Element Module (ROMEM) with a high level of detail, as well as rendering numerous images using Autodesk Showcase.
- Researched, Acquired, Built, and Configured an Enterprise Server to replace the firm's antiquated system. Specifications: Intel Xeon E5-2620 @ 2.0 GHz, Processor MSI X79A-GD45 Plus, Motherboard Windows Server 2012, OS 8x 8 Gb G.Skill Ripjaws Z series 240-pin DDR3, RAM 3x Seagate Barracuda 2 Tb SATA 6.0 Gb/s 3.5", Internal hard drive Seagate Barracuda 3 Tb SATA 6.0 Gb/s 3.5", Internal hard drive Cooler Master V8 GTS, CPU cooler
- Wiring and testing for VAV (Variable Air Velocity) boxes and installation of Intelligent Room Sensors for Sprint, Reston Va.
- Researched and acquired numerous technical items to help improve the company's efficiency.
- Assisted in acquiring and connecting an Industrial Wireless Network Bridge to connect the company headquarters network to a new remote office building network.

Insider

Part-time

Orange Egypt

July 2012 - January 2014

- Responsible for taking customers for orders and resolving problems they had experienced with Papa Johns.
- Tossed and made pizzas to the customer's specifications.
- Helped manage a small number of employees to create a friendly and efficient working environment.

Projects

Eagle Scout project

December 2012

- This project was what I had planned, managed, and executed to receive my Eagle Scout rank. My project was a community food drive that involved setting up a collection center, sending out flyers, as well as placing them door-to-door.
- The collection of food came to be just around two tons of food for the Community of Faith United Methodist Church.

Certificates

BSA Eagle Scout (BSAs Highest Rank) - March 2009-December 2013

Skills

Software: C++ - AutoCAD - AutoCAD Inventor - 3Ds Max - Python - Linux - Xcode - Visual Basic - MS

Word - MS Powerpoint - Programming in MS Excel

Programming: HTML - Java

Other: Engineering - STEM

Extracurricular Activities

Club Lacrosse

2011- Present

Lynchburg College

- 3x High School Varsity Lacrosse
- High School Varsity Football

Volunteer

October 2013

Virginia 10 mile Walk/Run

- Manned Drink station and cheered on runners at half way point

Volunteer

2011

Stop Hunger Now

- Made packaged meals to send to those in need, sent to Haiti

Volunteer

2008-2011

Assistance League of Northern Virginia

- Assisted in volunteer work to aid local assault victims by transporting supplies and materials bought or made by the volunteers.
