

Amal Ismail

Java Developer

amal.ismail@email.com | +20 101 234 5678 |  github.com/amal-ismail |  linkedin.com/in/amal-ismail

Education

Vidyalankar Institute of Technology

Bachelor of Engineering in Information Technology

June 2016, Goregaon, Maharashtra, India

Thakur Polytechnic

Diploma in Information Technology

May 2013, Mumbai, Maharashtra, India

St. John's Universal School

High School Diploma

May 2010, Mumbai, Maharashtra, India

Experience

Java Developer (OR-Formatter Project)

Jul 2016 - Aug 2017

Tech Mahindra

Cairo, Egypt

- OR-Formatter is an application that takes input files (Geneva Modified File GMF) from a Geneva server, reads data, and generates Bill backup and Bill Invoices for client customers of BT.
- Played the role of Java developer involved in applying change requests to current modules.
- Worked on requirement analysis and development for user stories and performed dev unit testing.
- Handled E2E issues and fixed bugs.
- Prepared required program-level and user-level documentation.

Java Developer (STAA Project)

Sep 2017 - Mar 2018

Tech Mahindra

Cairo, Egypt

- STAA is an encapsulation middleware layer, acting as an interface between client's operational support systems and Legacy systems. It transforms legacy data into various formats such as TLV.
- Input is in XML/HTTP to STAA where validations are done, and the response is sent to back-end systems (CSS and COSMOSS Databases).
- Business methods deployed as EJBs on WebLogic Server were shared across various market-facing units of the client.
- Played the role of Java developer involved in creating services using Java/J2EE.
- Worked on requirement analysis and development for user stories and performed dev unit testing.
- Handled E2E issues and fixed bugs.
- Worked in migration from Java 1.6 to Java 1.8.

Skills

Computer Languages: Java/J2EE - Swift - HTML - Shell Script - MySQL

Databases: MySQL

Tools: SVN - Jenkins - Hudson - WebLogic12c

Software: Android Studio - Eclipse - Oracle - Xcode

Operating Systems: Windows 10 - Mac (High Sierra)
