

Khaled Mansour

DevOps Engineer

khaled.mansour@email.com | +20 101 234 5678 |  github.com/khaled-mansour |  linkedin.com/in/khaled-mansour

Education

Savitribai Phule Pune University

B.E. May 2016, Pune, Maharashtra, India

Maharashtra Board

S.S.C. March 2010, Maharashtra, India

Experience

DevOps Engineer

Parkar Consulting and Labs

Full-time - On-Site

Present, Cairo, Egypt

- Working as a member of the DevOps team, contributing to various development and operations tasks.
- Gained practical hands-on experience with cloud platforms, specifically AWS, and programming with Python.

Projects

FPGA Implementation of AES Algorithm

Role: Programmed the Advanced Encryption Standard (AES) algorithm on FPGA for data protection in cryptography.

- Utilized a secret key for encrypting and decrypting sensitive data, ensuring secure communication.

Sorting Robot

Role: Mechanism Design and Implementation of a sorting robot utilizing a TCS 230 sensor to sort RGB color balls based on their colors.

- Developed the mechanism for accurate color detection and physical sorting of objects.

RFID Based Student Attendance System Using GSM

Role: Developed an RFID-based student attendance system that records student presence upon showing their RFID card.

- Integrated GSM module to send real-time attendance messages to parents, informing them about their ward's presence.

Skills

Programming Languages: C, C++, SQL, PL/SQL, Java (Core, EE, Spring, Hibernate), JavaScript, HTML, CSS, jQuery, Python

Databases: MySQL

Cloud Platforms: AWS

Software Tools: Xilinx, Modelsim, Matlab, Multisim

Operating Systems: Windows (XP, Vista, 7, 8), Ubuntu
