Projects

Temperature Controlled Cooling Fan

2016 - 2017

- Sensed temperature level and turned ON the fan when temperature was above a set limit.
- Developed with an aim to control device temperature and reduce damages due to heating.

Automatic Plant Watering System

2016 - 2017

- Sensed the moisture level and turned ON the water pump when moisture was below a set limit.

Certificates

Cisco Certified Network Associates (CCNA)

Cisco Certified Network Associates (CCNA-Security)

Cisco Certified Network Professional (CCNP-Routing, Switching & MPLS)

Cisco Certified Network Professional Security (ASA Module)

Skills

Networking Fundamentals: Networking - Subnetting - Supernetting - VLAN - Private VLAN - VLAN Hopping - DHCP Snooping - Switching - Network Telemetry - Security Context

Security Technologies: Access Lists - ACLs - Network Address Translation (NAT) - AAA - IPSec - VPN - Control Plane Security - Data Plane Security - Management Plane Security - Firewall - Firewall Filtering

Technologies - ASA Failovers - Zone Based Firewall - Reputation Based Firewall - Security

Routing Protocols: RIP - EIGRP - OSPF - BGP - DM-VPN
