## Education

---

### B.E. Technology

Mumbai University

January 2018

Mumbai, Maharashtra, India

### Higher Secondary Certificate (H.S.C.)

Mahatma Gandhi High School & Junior College

Maharashtra State Board, India

### Secondary School Certificate (S.S.C.)

Mahatma Gandhi High School & Junior College

Maharashtra State Board, India

## Experience

---

### Network Security Engineer

Stormfur Technologies LLP

On-Site

August 2018 – Present, Cairo, Egypt

- Troubleshoot firewall related incidents for customers.
- Solve technical problems relating to installing security solutions.
- Analyze security requirements of network system.
- Reviewed configuration and maintained Cisco ASA Firewalls, routers, and switches.
- Reviewed and modified access control lists (ACLs) on network switching and routing equipment as needed to maintain security standards.
- Participated in core network team to upgrade corporate network.
- Maintained network security technologies and services.
- Interacted with clients and analyzed operational requirements.
- Install and configured IPSEC and SSL VPN.
- Reviewed and configured VLAN, Routing Protocols (RIP, OSPF, EIGRP), NAT.
- Supported clients in various networking issues.

## Projects

---

### Temperature Controlled Cooling Fan

Academic Year: 2016-2017 (sem-5)

- Sensed the temperature level and turned ON the FAN when temperature was above set limit.
- Developed with an aim to control the temperature of devices and reduce damages due to heating.

### Automatic Plant Watering System

Academic Year: 2016-2017 (sem-6)

- Sensed the moisture level and turned ON the water pump when moisture was below a certain threshold.

## Certificates

---

Cisco Certified Network Associate (CCNA)

Cisco Certified Network Associate (CCNA-Security)

Cisco Certified Network Professional (CCNP-Routing, Switching & MPLS)

Cisco Certified Network Professional Security (ASA Module)

## Skills

---

**Networking Fundamentals:** Ethernet (mediums, communication, devices), IPv4 (Subnetting, Supernetting), VLAN, NAT, DHCP Snooping, Private VLAN, VLAN Hopping, Network Telemetry (NTP, NetFlow, Logging)

**Routing & Switching:** EIGRP, OSPF, BGP, RIP, STP, Queuing, DM-VPN, Switching

**Network Security:** Access Lists (ACLs), Cisco ASA (firewall, failover, security context, reputation/identity/zone based), IPsec, AAA, Control Plane Security, Management Plane Security, Data Plane Security, Mitigation techniques

**Firewall & VPN:** Firewall (filtering technologies, ASA modes of deployment), IPsec, SSL VPN, VPN
