Education

Mumbai University

B.E. Technology

Graduated: January 2018, Mumbai, India

Experience

Network Security Engineer

Stormfur Technologies LLP

August 2018 - Present, Cairo, Egypt

- Troubleshoot firewall related incidents for customers.
- Solved technical problems relating to installing security solutions.
- Analyzed security requirements of network systems.
- Reviewed configuration and maintained Cisco ASA Firewalls, routers, and switches.
- Reviewed and modified access control lists (ACLs) on network switching and routing equipment to maintain security standards.
- Participated in core network team to upgrade corporate network.
- Maintained network security technologies and services.
- Interacted with clients and analyzed operational requirements.
- Installed and configured IPSEC and SSL VPN.
- Reviewed and configured VLAN, Routing Protocols (RIP, OSPF, EIGRP), NAT.
- Provided support for clients in various networking issues.

Projects

Temperature Controlled Cooling Fan

Academic Year 2016-2017

- Developed a system that senses temperature and activates a fan when a set limit is exceeded.
- Aimed to control device temperature and mitigate heating-related damage.

Automatic Plant Watering System

Academic Year 2016-2017

- Implemented a system to sense moisture levels and activate a water pump when moisture drops below a threshold.
- Focused on automating plant watering for efficiency.

Certificates

Cisco Certified Network Associate (CCNA)

Cisco Certified Network Associate - Security (CCNA-Security)

Cisco Certified Network Professional - Routing, Switching & MPLS (CCNP R&S)

Cisco Certified Network Professional Security - ASA Module (CCNP Security ASA)

Skills

Networking Fundamentals: Ethernet mediums, IPv4 (Subnetting, Supernetting), Routing (EIGRP, OSPF, BGP, RIP), Switching (VLANs, Private VLANs, VLAN Hopping, STP, Queuing), MPLS, NAT

Network Security: Firewall filtering technologies, ASA deployment modes, ASA failover, Security contexts, Reputation based firewall, Identity firewall, Zone based firewall, Access lists (ACLs), IPsec, SSL VPN, DM-VPN, DHCP snooping, AAA, Control/Management/Data Plane Security

Tools & Platforms: Cisco ASA Firewalls, Cisco Routers, Cisco Switches, Network Telemetry (NTP, NetFlow, Logging)
