Summary

My writing skills in English are very good, and I am certainly a clear speaker. Being comfortable speaking in front of an audience, I can easily facilitate meetings and brainstorming sessions. As a friendly, polite person with a positive attitude, I work well with others and deal with difficult situations in a careful and considerate manner. I have a high capacity for learning, pick up new skills and ideas quickly, and generally thrive on challenges. Enthusiasm and creativity give me an edge on difficult projects. My analytical skills help me troubleshoot problems and uncover root causes. I am creative and tenacious.

Education

Akbar Peerbhoy College of Comm & Eco. (University of Mumbai)

Bachelor of Science, Information Technology

July 2012 - April 2015, Mumbai, Maharashtra, India

Experience

Network Security Engineer

Full-time - On-site

Karvy Innotech LTD.

Jan 2021 - Jan 2023, Mumbai, India

- Managed network operations for Mahindra & Mahindra Financial Services Limited, spanning both internal infrastructure and a PAN India network.
- Performed installation, setup, configuration, troubleshooting, tuning, diagnostics, and maintenance of IT security-related equipment.
- Maintained various network devices including Routers, Switches, Firewalls, and Wi-Fi Devices.
- Troubleshooted performance and availability issues on security devices such as firewalls, UTM's, and Content Filtering solutions; handled daily calls related to network and network security.
- Managed and administered VPN connectivity with client organizations.
- Implemented policy changes and configured URL filtering & security policies on UTM appliances.
- Monitored alerts from monitoring systems and took appropriate action based on defined processes.
- Adhered to SLAs and established procedures for security device management.
- Coordinated with ISPs including TATA, Airtel, Reliance, Vodafone, Sify, Tikona & HCL Comnet for all WAN-related issues.
- Configured and troubleshooted Site-to-Site (IPSEC) VPNs between Headquarters (HO) and remote branches.
- Maintained monthly inventory of all network devices.
- Addressed LAN connectivity issues, performed crimping, and rack mounting.
- Reported to the CISO of Mahindra Finance for all network-related queries and solutions.
