Experience

Senior Executive PMO Consultant

Full-time

Egy-Tech Solutions

Jan 2018 - Present, Cairo, Egypt

- Created structured reports and presented to Senior Delivery Management, designing various business-specific reports.
- Managed Meeting Minutes (MOM) and ensured timely SLA achievement by driving targets and results.
- Assisted Project Managers with Resource Request (RR) deputation, invoicing, and billing activities.
- Maintained Clarity and SharePoint data for robust service delivery management.
- Performed customer invoicing under the direction of Client Engagement Managers (CEM) and Service Delivery Managers (SDM).
- Prepared weekly SLA and KPI data, sharing insights with clients and senior management.
- Managed project implementation, invoicing, and billing, participating in establishing client contractual documentation.
- Proficient in various delivery models including Managed Services, Fixed Price, Time & Materials (T&M), and SLA-based Risk and Penalty.
- Managed SLA targets to prevent penalties, driving SLA calls with over 80 customers across multiple towers.
- Served as Single Point of Contact (SPOC) for Time on Floor Analysis (TOFA) reports, highlighting employee tailgating data to high-level management.
- Ensured compliance with regulations and maintained floor operations.
- Oversaw all joining formalities and onboarding activities for new employees.
- Identified and drove key metrics such as Billing Efficiency and Resource Utilization.
- Maintained the project library, including filing, recording, and reporting systems.
- Monitored project progress, risks, roadblocks, and opportunities, and managed communications to stakeholders.
- Developed Flowcharts and Standard Operating Procedures (SOPs), maintained the process changes database, and monitored severity calls.
- Prepared comprehensive monthly reports (Operational, Capacity/Utilization, Timesheet, SLA Compliance) and quarterly operational trend reports.
- Developed internal reports (Allowances, Billing), maintained document repositories, and created project/sub-project plans, monitoring progress against schedule and managing risk & issue logs.
- Actively participated in project management communities and was responsible for Project Cost, Schedule, Budget, Revenue & Milestone Progress.

Senior Executive PMO Consultant

Full-time

Wipro Technology

Jan 2014 - Dec 2017, Cairo, Egypt

- Managed and executed PMO functions, creating structured reports and presenting key insights to Senior Delivery Management to support business requirements.
- Designed and drafted various reports to meet diverse business needs, ensuring accuracy and relevance.

- Facilitated meetings, recorded Minutes of Meeting (MOM), and diligently followed up to ensure Service Level Agreements (SLAs) were met on time.
- Provided crucial support to Project Managers in tasks such as resource request (RR) deputation, invoicing processes, and billing activities.
- Maintained and updated critical data in Clarity and SharePoint to ensure effective service delivery management.
- Monitored project progress, identified risks and roadblocks, and managed stakeholder communications.
- Prepared detailed weekly SLA and KPI data, presenting comprehensive analyses to both clients and senior management.
- Gained extensive experience across various delivery models, including Managed Services, Fixed Price, Time & Materials (T&M), and SLA-based Risk and Penalty frameworks.

Workforce Management Lead

Full-time

Wipro InfoTech

Jan 2012 - Dec 2013, Cairo, Egypt

- Monitored and managed headcount (actual vs. plan) for the region, maintaining the headcount ratio with revenue targets.
- Ensured correct tagging in SAP (Project, supervisor, org unit, and cost center) for accurate financial reporting across the region.
- Provided precise headcount reports essential for General Manager (GM) calculation.
- Managed bench resources effectively and oversaw their deployment to projects.
- Drove tenure management for eligible employees, deploying them based on individual aspirations and business needs.
- Managed hiring processes and maintained the Rookie Ratio for the location, actively tracking their training and subsequent deployment.
- Analyzed historical volume and staffing patterns, implementing actions based on forecasts to address resource shortages and ensure timely resource availability for project go-lives.
- Validated headcount plans for projects and collaborated with stakeholders (Service Delivery Managers) to optimize resources.
- Ensured all required Workforce Management (WFM) data was continuously tracked and trended by the NLD team.
- Identified resources completing their tenure on projects, planned their training with the training team, elevated them to higher roles, and backfilled positions with Rookies (TRB, TE, WIMS, and SIMS).
- Interfaced with Service Delivery Managers/Directors to escalate service-impacting issues arising from resource availability.
- Coordinated with Operations stakeholders to interface with clients, manage account issues, and allocate resources as per requirements.
- Managed staff schedules and responsibilities for the Workforce Management team across the Region/Business Unit.
- Prepared and distributed daily, weekly, and monthly reports to the Management team.
- Managed staffing ratios and seat utilization/optimization to achieve project goals and built effective working relationships with internal departments.
- Handled special projects (e.g., PWD initiatives) and the Rookie hiring model, including training and deployment.
