Experience

Senior Manager, Process Re-engineering & PMO

Full-time

Egy-Tech Solutions

June 2022 – Present, Cairo, Egypt

- Reviewed and analyzed existing business processes to identify functional requirements, eliminate waste, improve controllership, and enhance flexibility.
- Identified processes for re-design, prototyped potential solutions, calculated trade-offs and costs, and recommended optimal modifications to new/existing processes.
- Managed projects for new requirements and opportunities, implementing efficient and effective solutions.
- Delivered process re-engineering projects across various business and operations units through close collaboration.
- Developed comprehensive documentation and training materials for all stakeholders to ensure smooth adoption of process changes.

Project Lead / Business Analyst

Full-time

Nile Innovations Group

January 2019 – May 2022, Giza, Egypt

- Defined project scopes in collaboration with stakeholders, internal teams, and senior management.
- Prepared project charters with defined timelines for all project-related activities.
- Managed the preparation of Business Requirement Documents (BRD), Understanding Documents (UD) with development teams, User Acceptance Testing (UAT) completion, and deployment.
- Developed training documents, Service Level Agreements (SLAs), and Standard Operating Procedures (SOPs).
- Conducted training for impacted teams to ensure smooth transition and adoption of new processes/systems.

Sales & Training Specialist

Full-time

Teleperformance India

July 2016 – December 2018, India

- Drove sales through call center operations, consistently achieving targets by understanding customer preferences and requirements.
- Conceptualized and implemented sales promotional activities as part of a pilot batch for a new company launch.
- Trained new joiners through call bargaining techniques, enhancing team performance and process adherence.
- Interacted directly with clients to understand requirements and manage expectations effectively.
- Conducted call quality sessions with clients, ensuring high service standards and customer satisfaction.
- Handled ad-hoc requirements from clients and senior management, delivering timely resolutions.
