Workforce Management Specialist

Full-time

Wipro InfoTech

Aug 2012 – Jul 2014, Cairo, Egypt

- Monitored and managed the headcount actual Vs plan for the region to maintain the headcount ratio with the revenue.
- Maintained and monitored correct tagging in SAP (Project tagging, supervisor tagging, org unit and cost center) for the region to ensure proper financial management.
- Responsible for providing exact and accurate headcount reports for GM calculation.
- Managed bench management and resource deployment.
- Managed and drove tenure management for eligible employees, deploying them according to aspiration and business need.
- Responsible for hiring and maintaining Rookie Ratio for the location, actively tracking their training and deployment.
- Analyzed past volume and staffing patterns, implementing actions based on forecasts to address resource crunch and ensure resource availability for go-live.
- Validated the headcount plan for projects and collaborated with Stakeholders (Service Delivery Managers) in optimizing resources.
- Ensured all required WFM data was tracked and trended on a continuous basis by the NLD team.
- Identified resources that completed tenure with projects, planned their training, elevated them to higher roles, and back-filled with Rookies (TRB, TE, WIMS, and SIMS).
- Interfaced with Service Delivery Managers/Director as needed for escalation on service impacting issues due to resource availability.
- Coordinated with stakeholders of Operations to interface with clients and handle account management issues, adding resources as per requirement.
- Managed staff schedules and responsibilities of the Workforce Management team for the Region/BU.
- Prepared daily/weekly/monthly reports and distributed to the Management team.
- Managed staffing ratios and seat utilization/optimization to ensure Project goals were met, building effective working relationships with internal departments.
- Managed special projects (PWD) and Rookie hiring model, training, and deployment.
