Experience

Senior Manager - PMO

Full-time - On-Site

Egy-Tech Solutions

August 2018 - Present

- Reviewed and analyzed existing business processes to identify functional requirements, eliminating waste and improving controllership.
- Identified processes for re-design, prototyped solutions, calculated trade-offs and costs, and recommended optimal modifications.
- Led Project Management for new requirements, applying efficient and effective solutions across various initiatives.
- Delivered process reengineering projects by collaborating closely with relevant business and operations units.
- Developed comprehensive documentation and training materials for all stakeholders regarding process changes.

Project Manager

Full-time - On-Site

Nile Ventures Group

January 2015 - July 2018

- Defined project scope in collaboration with stakeholders, internal teams, and senior management.
- Prepared detailed project charters with defined timelines for project activities.
- Authored Business Requirement Documents (BRD), Understanding Documents (UD) with development teams, and oversaw UAT completion and deployment.
- Developed training documents, Service Level Agreements (SLAs), and Standard Operating Procedures (SOPs).
- Conducted training for impacted teams, ensuring smooth transitions for new processes and systems.

Sales & Operations Team Leader

Full-time - On-Site

TELEPERFORMANCE INDIA

March 2012 - December 2014

- Drove sales through call center operations, consistently achieving targets and exploring selling opportunities.
- Conceptualized and implemented sales promotional activities as part of a pilot batch for a new company launch.
- Trained new joiners through call bargaining, enhancing their sales and service capabilities.
- Interacted directly with clients to understand requirements and manage expectations effectively.
- Conducted call quality sessions with clients, ensuring high standards of service delivery.
- Handled ad-hoc requirements from clients and senior management, providing timely resolutions.
