Education

Kakatiya University Board

B.Sc. Maths

2005, Warangal, India

Experience

Database Administrator Support

On-Site

Barclays Global Services Centre / Barclays Technology Centre India

Mar 2016 - Feb 2019

- Attended various calls from all over the world on diverse database issues.
- Worked on Web Gui alerts and resolved incident tickets within specified timelines.
- Troubleshoot log shipping issues and fixed related alerts efficiently.
- Identified and resolved Blocking and Locking related issues to ensure database performance.
- Configured and monitored Replication, Log Shipping, and Mirroring setups.
- Addressed replication and Always ON issues to maintain high availability.
- Managed account provisioning tasks, including granting and revoking database permissions.
- Provided on-call support during weekends, performed Disaster Recovery (DR) tests, and executed weekly maintenance jobs and weekend change requests.

SQL Server Database Administrator

On-Site

Wipro Infotech Pvt Ltd

Mar 2013 - Feb 2016

- Managed SQL server database implementation and maintenance tasks.
- Administered Log Shipping, Replication, High Availability (Clustering, Always ON), and Database Mirroring.
- Executed Installation, Configuration, Upgradation, and Migration of SQL Server databases.
- Possessed sound knowledge in Database Backup, Restore, Attach, Detach, and Disaster Recovery procedures.
- Developed and implemented backup and recovery strategies for production environments.
- Ensured data consistency in databases through DBCC and DMV commands.
- Gained hands-on experience in DR processes, including log shipping and database mirroring.
- Scheduled and monitored various database jobs effectively.
- Created and maintained comprehensive Maintenance Plans for SQL Servers.
- Implemented Log Shipping, Replication, and Mirroring of databases between servers.

Database Support

On-Site

Accord Fintech (for CITI Bank)

Sep 2008 - Feb 2013

- Performed Performance Tuning using tools like Performance Monitor, SQL Profiler, and Query Analyzer.
- Implemented server and database security by creating roles/users, adding users to roles, and assigning appropriate rights.
- Created and maintained linked servers between SQL instances.
- Configured and maintained Database Mail for automated notifications.
- Monitored and troubleshoot various database issues.
- Developed DTS packages for executing required tasks and automations.
- Expertise in creating, maintaining, rebuilding, and reorganizing indexes for optimal database performance.
- Conducted daily maintenance of SQL Servers, including reviewing SQL error logs and Event Viewer.

Certificates

SQL Server Database Administrator Certification - 2008

Skills

RDBMS: MS SQL SERVER 2000, 2005, 2008, 2012, 2014

Operating Systems: WINDOWS XP, 7, WINDOWS SERVER 2008, 2012

Tools: SSMS, Performance Monitor, SQL Profiler, SQL LiteSpeed, Query Analyzer, Event Viewer

Database Administration: Log Shipping, Replication, High Availability (Always ON, Clustering), Database Mirroring, Installation, Configuration, Upgradation, Migration, Backup & Recovery, Disaster Recovery, Performance Tuning, Query Tuning, Stored Procedures, Job Scheduling & Monitoring, Maintenance Plans, Security Management, DTS Packages, Index Management, DBCC, DMV Commands, Linked Servers, Database Mail

Fundamentals: MS Office 2003, 2007
