Education

Mumbai University

Bachelor of Engineering EXTC

January 2015, Mumbai, Maharashtra, India

Fr. Agnel Polytechnic

Diploma Industrial Electronics

January 2012, Vashi, Maharashtra, India

Experience

ETL Developer

Blue Shield of California

On-Site

Mar 2016 - Sept 2017

- Analyzed business requirement documents to ensure clarity and scope for development.
- Developed Informatica mappings utilizing various transformations (source qualifier, expression, filter, router, joiner, union, aggregator, normalizer, sorter, lookup) along with corresponding sessions and workflows.
- Extensively used Informatica Debugger to diagnose and resolve issues in mappings, and to troubleshoot existing bugs effectively.
- Wrote Unix Scripts & SQL statements to fulfill specific business requirements.
- Performed impact analysis for change requests and subsequently managed their development lifecycle.
- Fabricated data using Facets screens and SQL statements within the membership domain for testing and validation.
- Conducted unit testing, performed troubleshooting with Informatica debugger and SQL queries, and prepared detailed Unit Test Cases.
- Prepared documentation for design, unit testing, and impact analysis.
